1. Class/Seminar Teacher Evaluation

This survey requests your feedback on two separate aspects of your learning experience, split into three sections. The first section asks for your views on your teacher's class/seminar teaching. The second section asks for your views on the course as a whole at this point in time. Finally, the third section asks for some information about you, to aid analysis.

We recognise that this term has been particularly challenging for everyone due to the wider public health situation, with disruption experienced by both students and teaching staff. The School is continually striving to deliver the best possible educational experience despite these challenges and your views about your learning experience at LSE are a valuable source of information about this. The results will be used to help improve the teaching and learning experience for you and your peers and to identify good practice.

The School assumes that your response is broadly positive if you 'mostly agree' or 'definitely agree' with a statement.

1.1) Do the answers you supply below relate to the teacher from whom you have received the majority of your class/seminar teaching this term? The teacher's name, course title and group number (where relevant) are provided in the invitation email you have received for the survey.

- I think the structure of the classes (recap/questions) is fantastic, and Canishk explains everything in a really understandable way. I really enjoyed his style of teaching, in fact I think these might have been the most engaging classes in my academic year. Also, the feedback we got was really detailed and clear.
- Very knowledgeable teacher who clearly explains concepts. The recap parts in the beginning of the seminars in addition to the problems sets are very helpful and should definitely be continued. Overall a great and enjoyable seminar.

1.12) 1.7 Please comment below on aspects of this teacher's class/seminar teaching you think were particularly helpful.

- Canishk is a very good teaching assistant. His teaching is a strong supplement to the lecture. I found this class quite helpful.
- Canishk is exceptional, so grateful to have him as my teacher this term. He really made concepts easier to understand and i thought he was very good at asking if anybody had any questions, which made it easy to then participate in class.

1.13) 1.7b Please comment below on aspects of this teacher's class/seminar teaching you think could be improved.

- I would have benefitted from more recordings of his classes just because not all of his classes were recorded but I do know this might be because of logistics.
- It is perfect. The only way I think can improve is to prolong the class. One hour is too short.

- Canishk has been great and has clearly presented the content of the seminar. He is very knowledgeable and always promotes discussion and participation in the class.
- Canishq is super engaging and fun, really enjoy his enthusiasm and the way he engages with our questions. He also quite helpfully writes things out on the tablet which is both engaging and helps me work through problems. His streetwear fashion is also really good, probably best dressed teacher I've had while at LSE.
- The slides and the drawings were extremely helpful.
